Certainly makes a lot of sense to cancel. Similarly, might be good to cancel the second COOP telework day (isn't it Thursday?). Should we be sending people home if they are better positioned to help from the office?

Subject: Postpone R8 Awards Ceremony

EPA Region 8 Employees

In light of keeping our full attention on our response to the release of contaminated water from the Gold King Mine near Silverton, Colorado, I have decided to postpone the Regional Awards Ceremony which was scheduled for August 20th. I know that many people have spent considerable time and effort planning this event and I am really appreciative of these

efforts. Because many folks in the region are involved in the Gold King Mine emergency response and the region in general is focused on this situation, we will reschedule the awards ceremony for a later date this Fall. At that time we all will be able to give our full attention to recognizing the outstanding work that our colleagues have accomplished over the past year. I appreciate your understanding.
